

dr hab. inż.

**Tomasz
Hadaś**

Type of tutoring:

scientific and developmental

Language of tutoring:

Polish, English

E-mail: tomasz.hadas@upwr.edu.pl

Tomasz Hadaś, Associate Professor at UPWr, an expert in satellite navigation. I am a Marie Skłodowska-Curie Action fellow (2019-2021), stipendist of the Polish Ministry of Science and Higher Education for outstanding achievements (2015), and a laureate of the Minister's scholarship for outstanding young scientists in (2018).

I consider myself a young and passionate scientist and teacher. I like working with students who prefer to understand rather than remember; who are eager for challenges but might need boosting their self-confidence. I like those who take the initiative but also those who learn from their mistakes. I expect honesty and timekeeping. Together we can develop analytical skills, experiment planning, and critical thinking. I hope our cooperation will strengthen your confidence and allow you to discover new talent. I prefer that we discuss, analyze and plan together, but direct developments will be mostly on your side.
